PHOTOGRAPHY

Those first few days and weeks of a sweet newborn baby in your home create many tender memories, that seem to fleet by way too quickly.

Enjoy these first moments with professional portraiture that captures all the feelings of “your Love Well Done”.

To book your newborn portrait session, please contact Anne-Marie at 905.855.8905 to discuss your baby’s best date, time of day and theme ideas for your little one’s very first portraits. This little sweet girl was just three days old. She was the third baby to this couple for whom I had the pleasure of capturing all the first images of their children on film through the early years. To date, 3 days old is still my youngest client.

I look forward to working with you to create your precious angel baby portraits.
